### To Open Class In Shorthand, Typewriting

The shorthand and typewriting will be combined in the one course.

### Recital Delights Appreciative Audience

(SYDNEY STRANGE)  
One of the finest musical events of this season, from an artistic standpoint, was the joint recital by Clyde Knost, baritone, and Blumer Ende, organist, which delighted two hundred or more music lovers in the Second Presbyterian church last night.

The program consisted entirely of serious numbers and was not planned for those who want their music, like their manners to be "pretty." It was of sterner stuff. Opening with the Bach "Prelude in A Minor," Mr. Ende's sure knowledge of his organ, plus his real musicianship was a delight throughout the evening. Especially were we pleased with the smooth flowing rhythm and sharp contrast brought out in the Mendelssohn "Sonata in D." The "Cantabile" by Loret gave the effect of a singing orchestra of muted strings, with its trills and runs was so excellently clean in execution and so dainty in interpretation that it stirred us to applause. We remembered, just in time, that it seems to be the custom not to applaud in church. Why? We missed it last night. We applaud children's efforts in cantatas and special programs; surely there would be nothing out of place in expressing one's appreciation of beautiful music, beautifully played. It is difficult to judge just which numbers are most popular with an audience that has no way of expressing its emotion, but the general atmosphere last night indicated that perhaps the best liked organ selection was the descriptive piece, "The Bells of St. Anne de Beaupre," by Russell.

Mr. Knost was in excellent voice, heard with especially good effect in the dramatic "Great Awakening" by Kramer, and most sympathetically in Forsyth's, "The Bell-man." Mr. Knost showed himself a true artist by singing the familiar "Lost Chord" without the usual sloppy sentimentality that we most enjoyed his singing of Handel's "Where'er You Walk" which he gave with exquisite phrasing and beautifully clean enunciation, accompanied with lovely lyric passages.

Concerts such as these will go far toward stimulating musical interest in Portsmouth and our only regret is for those who were unfortunately enough to miss the delightful one we heard last night.

### C. Of C. Ballots Mailed

Scudder, and James A. Hanger; for the two year term, Fred L. Manning, George W. Moore, W. H. Hitchcock, W. H. Harsha, Mayor Ralph Calvert, George M. Taylor, A. G. Williams, R. W. Anderson, C. E. Noller and W. H. Ruggles.

### Court House

**Grand Jury Gridding**  
George L. Gulker, 1004 Seventh street, contracting tinner, was sworn in as foreman of the grand jury impaneled by Judge Thomas in Common Pleas court, Thursday morning. Other jurors serving with Foreman Gulker are: Ira Swearingen, Edward Meade, Charles Turner, W. L. Baker, J. J. Davidson, Bert Scott, Jacob Kuhner, J. Milt Jones, Green S. Neary, Andrew Smith, S. V. Hopkins, John Dever, Harry Baker and Charles Held. The last named four being selected as telephones to take the places of L. R. South, Clarence O. Bess, W. H. Burt and C. J. Swickart, of the regular venire, who were excused from service by the court on account of sickness and other reasons.

There was nothing unusual in Judge Thomas' charge following which the jury retired behind closed doors and started its secret grind.

A score of witnesses appeared before the jurors at the morning session to testify in cases under investigation while twice as many were present in court at one o'clock and were heard during the afternoon.

The most important case to be considered by the jury is the tragedy which occurred at New Boston on Christmas day when Lester Davis was shot and killed by Garner Venzell during an altercation on one of the principal streets of the village. Venzell was bound over on a charge of manslaughter and the shooting will be probed by the jury Friday morning.

From present indications the inquiry will extend over to Thursday morning when the jury will probably make its report to the court.

Plaintiff sued for damages for alleged breach of contract for failure to deliver coal and the finding of the court was in favor of the defendant, who was awarded judgment for \$120.24 claimed on its cross petition.

## HER ONLY STARRING PICTURE

Lou Lawson. She would not have had to change that name if she had become a star in the movies—and that was the dream in her life as she left Walnut Springs, Texas, for Broadway. A few hits as extra in films now and then did not serve to lift her from obscurity. Then one day a light brighter than any that screams a name along the Butterfly Way projected her name before millions of eyes. Lou Lawson was found dead in her apartment. There was mystery in her death—even as there had been mystery in her life. And after death the "star" photos of Lou Lawson find the place that Lou would have had for them in life.

### Parade Precedes Grotto Initiation Tonight

The line of march was over Chillicothe, Galia, John, Bertha, Chillicothe and Second streets. The parade ended at the new hall of the Grotto, Second and Court streets, where they have fitted up well equipped quarters on the third floor.

The ritualistic work was held this afternoon and after a banquet at six o'clock the royal festivities will begin. The big hall is expected to be packed tonight.

The Church of Christ of Sciotoville, in an application filed through Attorney W. F. ### Bragdon Store In New Home Tomorrow

After 27 years of business in three buildings, leased or rented, the Bragdon Dry Goods Company, will be ready for business in their new and own home on Chillicothe street, one door north of their present location, Friday.

The stock and the fixtures will be moved from the old building to the new. The firm will be ready to do business tomorrow morning in its new home.

The Bragdon store was located in the Kendall block for two years, was in the Lloyd block for six years and was in the Masonic Temple building for 19 years. The firm's lease on the Masonic Temple room expires at midnight Friday.

By moving into their own home the Bragdon firm will be able to add several new departments. The new three story brick structure which gives the firm a modern and up-to-date home will give the Bragdon firm almost double the floor space the had in present quarters. The second and third floors are 105 feet while 20 feet is taken off the first floor by a twenty foot vestibule which provides adequate window display space. In addition to the three floors the basement is fitted up for a sales room. It will house one of the new departments, the house furnishings. In it will be carried granite, enamel, wooden and tinware. The other departments will be on the third floor where the floor coverings, window-blinds, draperies, trunks, etc., will be kept. The second

floor will be given over to the ladies' ready-to-wear and complete millinery departments. The general dry goods business will be on the first floor.

New counters, floor cases, display tables and other fixtures are being unpacked as rapidly as they arrive. Many feet of built-in wall shelves have also been constructed.

The new home is complete with a large passenger elevator and a freight elevator, comfort rooms for the clerks and public, a well placed

and roomy office, and a cable system for carrying of cash to the office.

McCabe and Proctor had the general contract for the building. Thomas Ashpaw put in the plumbing and heating plant, the Youngman Sales Company the electric work and Walters the tile work. The new building was started about nine months ago.

L. W. Bragdon, S. M. Hughes and Roy B. Lechner form the Bragdon firm, the two latter being taken into the business two years ago.

### Taken Under Advisement

After hearing additional evidence Thursday in the case of C. E. Floyd, 3751 Stanton avenue, New Boston, charged with reckless driving, Judge Sprague took the case under advisement and will make his finding Friday.

Floyd was accused of being the driver of an auto which ran into and damaged J. R. Burchett's motor cycle while it was parked on Eleventh street near Young, on the night of Feb. 2 last. The prosecution was unable to identify Floyd as the driver of the auto and one witness, "Foose" Houston, testified that the license tags carried by the machine which hit the motorcycle was 735,737, which corresponded with the plates on the defendant's car. The defense claimed that identification of the license number was not sufficient to convict in

the absence of positive proof of the identity of the driver. Attorney E. G. Millar appeared for Floyd.

### HOUSEWARMING

Members of the Catholic Order of Foresters enjoyed a housewarming in their new hall, Galia and Gay streets, last night. Dancing was indulged in at the close of the business session and refreshments were served before an adjournment was taken.

**Choir Practice Tonight**  
The choir of St. Mary's Church will meet for practice tonight, instead of Friday night, as heretofore.

## Value of Boy Scout Movement Emphasized At Exchange Meeting; Club To Celebrate Victories

That Boy Scout training of young Americans has a two-fold object in view, the development of the proper team-work spirit and also the ability to take the initiative, to develop the leadership spirit, was the central theme of an interesting talk before the members of the Exchange club last evening, by the Reverend Harold Holt, rector of All Saints Church. The talk was a part of the program put on by the local Boy Scout organization, under leadership of Scout Executive L. T. Henderson and X. B. Griffin, president of the Portsmouth Boy Scout Council. The program was a part of the National Boy Scout week observance, and was thoroughly enjoyed by all present. The newly organized Boy Scout or-

chestra gave several selections which were received with enthusiasm, and then Jack Bush received his medal as a first class scout after passing the usual tests. The initiation was put on by Messrs. Henderson, Griffin, and the members of Troop 12, in first class style.

Preparations were made at the meeting to celebrate the victory of the Exchange club bowling team over the Kiwanis team. The games will be played Friday evening at 7:30 o'clock and the celebration will take place at the regular meeting of the Exchange club next Wednesday evening. Arrangements were also made to defeat the Kiwanis volleyball team at any date set by the latter aggregate.

Mr. Isaac D. Williams, farmer of Galena, Ohio, R. R. No. 2, is authority that Ka-di-ok acts quickly in relieving stomach ills and physical weakness.

"I had a bad stomach and was subject to vomiting spells every time I tried to eat anything," he says. "Sometimes I would have a good appetite, but was afraid to eat on account of my weak stomach. I didn't rest well and would get up feeling tired and played out; was very nervous and too weak to work. Had frequent attacks of rheumatism and was at a loss to know what to do to help myself."

"Ka-di-ok helped me right from the start and I can eat whatever I want with no bad after effect; Ka-di-ok soothed my nerves and when I went to bed I didn't have the least trouble going to sleep. Consequently I soon grew stronger. I have taken four bottles of Ka-di-ok and am feeling entirely well. I have not had a rheumatic pain since I started taking it and am now on my feet."

## WILLIS DEFENDS PRESIDENT HARDING

PHILADELPHIA, Feb. 14. — Senator Frank B. Willis, of Ohio, defended President Harding in the circumstances surrounding the sale of Marston Star. The senator dismissed as an untruth any suggestion of dishonesty in the sale of the newspaper.

"It will be found, I am confident that this man was as I knew him—clean and straight and frank and honest and square always," Senator Willis declared.

The senator was the principal speaker at the annual dinner of the Sons of Delaware. His defense brought the diners to their feet cheering.

WASHINGTON, Feb. 14. — (By the A. P.)—President Harding's private secretary, George B. Christian, Jr., declared in a statement here today that Frank A. Vanderlip was "an unconscionable traducer of the memory of the dead."

"Even when hysteria is the order of the day," Mr. Christian said. "The suggestion that the sale of Mr. Harding's private property has any connection, near or remote, with the treasury of government or lands, is so wantonly inexcusable that adequate comment is hardly possible. Mr. Vanderlip has the choice of proving that he has been misquoted or standing the most contemptible of men."

## ROW OVER NEWSPAPER RIGHTS IN EGYPT CAUSE OF ABANDONING TOMB RESEARCH

LUXOR, EGYPT, Feb. 14. — (By the A. P.)—The crisis which broke with suddenness today between Howard Carter and the Egyptian government and resulted in the closing of Tutankhamen's tomb, undoubtedly had its origin in a contract signed by the late Lord Carnarvon securing the sole rights of descriptive articles and pictures of the discoveries in the tomb to a London newspaper.

The Egyptian government, which maintains that its rights over the tomb are incontestable, has been seriously embarrassed by requests from American and British newspapers in behalf of their correspondents at Luxor for facilities describing the discoveries, facilities which the excavators have declined to grant, relying upon the so-called copy-

right clause in excavators' licenses, granted by the department of antiquities in behalf of the Egyptian government.

"Consequently, between the excavators, jealous of their newspaper contract and the government, jealous of its rights, there has been a whole series of blockading mainly on the question of visitors, which, however, did not find serious expression until today.

Facing a solution of the difficulty, watchmen of the department of antiquities will take over the immediate guardianship of the tomb from Mr. Carter's native foreman. If no solution is found there are indications that the Egyptian government will take over the tomb and have the work of exploration completed by the department of antiquities.

## 84 YEAR OLD MAN MADE YOUNG AGAIN

"Have Found Fountain of Youth" Says Oklahoman

Made young as a man of 30 years virtually, 84-year-old J. L. Rowell, well known rancher of Kaw City, Oklahoma, declares that his amazing rejuvenation was brought about in a few days by an exceedingly simple method.

"I am as young and vigorous as I was at 30," he says, "and am getting in better condition than I ever thought possible. Before I tried this method, I wished I was dead. I was in no hopes of a condition. I was skeptical and had lost faith in everything. Now in a few days, my glands are awakened and I am enjoying a complete rejuvenation and restoration of my youthful vigor." Six months have passed since Mr. Rowell made his test, and he is still convinced that the beneficial effects are lasting. He says, "I have found a real fountain of youth."

## Speedy Results Reported

Mr. Rowell used the now much talked-of korex method—the discovery of a Missouri pharmaceutical chemist. As told in a recent issue of the Kansas City Journal, many others are announcing delightful effects received, from 24 hours to a few days after its use. Speedy satisfaction has been reported in cases of weakness after the flu, stiff joints, aching muscles, exhausted nerve force, premature old age and low vitality. Enthusiastic users tell of blessed relief even in obstinate cases of great standing, where all other treatments had failed. This method involves no tremendous expense or painful operation. Tablets are used and are taken privately. It contains no drastic drugs and those who have tested it say the effect is a healthful, natural, lasting invigoration.

## Available to All

So many successes have been reported that the American distributors have decided to make the compound available to any person needing it, with the understanding that it costs nothing should it fail to satisfy. Those now wishing to try this amazing invigorator under the terms of this money back guarantee may write to the Melton Laboratories, 4105 Melton Building, Kansas City, Mo., and a full strength regular two-dollar trial treatment will be mailed, in a plain, sealed package. You may enclose two dollars or simply send your name without money and pay two dollars and postage upon delivery. In either case, if you report within ten days you are not satisfied, the laboratories will refund the purchase price upon request. These laboratories are thoroughly responsible and financially reliable. Anyone may accept their guarantee with implicit confidence. —Advertisement.

## Hunt For Murderer Of 6 Year Old Boy

YOUNGSTOWN, O., February 14.—(By the Associated Press.)—Detectives investigating the murder of six-year-old Paul Prologo in a city park yesterday were keeping a vigil today at the home of a man who was the last person seen with the boy, and who has mysteriously disappeared. Police kept the identity of the suspect concealed.

The boy was killed yesterday morning, it is believed, as the body, with the head beaten to a pulp, was found lying on top of snow which fell early in the day. The man under suspicion is said to have been friendly with the dead boy.

Detectives last night found the boy's trousers, coat and cap near the spot where his body was found in some bushes. Two pools of blood some distance away are mute evidence that the crime was committed there and the body afterward thrown into the bushes. The coroner, after an examination, declared there was no evidence that the murder was committed by a degenerate and the motive remains a mystery.

The suspected man did not return to his home last night, and an all night vigil there proved futile.

The boy was adopted only a month ago by Mrs. J. Prologo, whose own son had died recently. Mrs. Prologo saw Paul at an orphanage asylum, and struck by his resemblance to her dead son, asked her husband to adopt him. The husband consented after physicians had advised the step as beneficial to Mrs. Prologo, whose health was not good.

Mrs. Prologo was questioned by police yesterday and later released as no suspicion attached itself to her. She said the man who is suspected of the crime had taken Paul coasting on Tuesday night, and that she had seen neither of them since. She became hysterical on identifying the body yesterday. Mr. Prologo was in Pennsylvania, looking up relatives of the boy, at the time of his disappearance.

## Dawes, Experts Have Plan To Collect Reparations

BERLIN, February 14.—(By the Associated Press.)—General Charles G. Dawes and his committee of international experts were on their way to Paris today convinced they have found a plan whereby the allies can collect reparations and Germany can be rehabilitated financially.

Full details of the plan were not available, but some of the features were made known to the United Press. They include:

FIRST—New gold-backed currency supplementing land mortgages now backed by the mark must be introduced in Germany.

TWO—A total circulation of five billion marks must be provided, although temporarily a small sum, possibly three billion, should be supplied.

THREE—Currency must be backed by fifty per cent gold.

FOUR—The German budget must be balanced. Germany probably can manage it herself through re-adjusted taxation, but if she doesn't she must be helped by outside loans. It is believed that a large part of the stock of the new bank will be subscribed in America.

FIVE—Germany must be freed of restrictions now hampering production and exports.

The experts told the United Press it was silly to try to name a concrete maximum sum for reparations, but insisted it will be possible to ascertain what the minimum will be under the new plan. The maximum will be determined as Germany's foreign trade develops. If the world absorbs a lot of "Made in Germany Goods" then there will be more reparations.

Bad Case of Woman's Illness Remedied by Lydia E. Pinkham's Vegetable Compound

St. Louis, Mo.—"I had such a bad case of female trouble that I could not walk because of the pains from inflammation. My back was all ached up. I could hardly bend, could not go up stairs because of weakness, and no one could possibly be in worse shape than I was. I have taken 22 boxes of Lydia E. Pinkham's Vegetable Compound, and I am a strong woman now and can work down any of my neighbors. They wonder how I can do so much work. I dare say that I have recommended your medicine to a thousand women. A little book was thrown at my door, and that is how I first learned of it."—Mrs. D. M. BEAUCHAMP, 1104 Morrison Avenue, St. Louis, Missouri.

Letters like this bring out the merit of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking Lydia E. Pinkham's Vegetable Compound.

The comedy is being brought to Portsmouth by the members of the local lodge of B'nai B'rith. Tickets may be secured from members of the lodge or at the Smoko House or Play House. Profits from the performance will be devoted to the fund for building the pipe organ for the new Jewish Temple.

## Democratic Congressmen Pledge Solid Vote For Garner Tax Plan

WASHINGTON, Feb. 14.—(By the A. P.)—Democrats of the house bound themselves last night by party caucus vote to stand as a unit for the tax revision program proposed by Representative Garner, Democrat, Texas, as a substitute for the Mellon plan. The revenue bill carrying the income tax rates proposed by Secretary Mellon will be taken up in the house tomorrow under general debate.

The action of the Democrats means that if the 435 members of the house, vote on the income tax rates section of the bill, at least 200, twelve less than a majority, will be cast for the Garner plan, providing for a fifty per cent cut in normal taxes and a maximum surtax rate of 44 per cent applying to incomes of \$10,000 and over.

Almost Unanimous

Of 185 Democrats at the caucus, 164 approved the action to bind the members. Rules of the membership provide that if two-thirds of the party membership approves of such an action it will be binding on the entire party unless a member shows that he had made a

## 8 DELEGATES-AT-LARGE TO GO FROM OHIO TO DEMOCRATIC CONVENTION

COLUMBUS, Feb. 14.—(By the A. P.)—The Democratic state central committee, meeting here today, voted to send eight delegates at large to the Democratic national convention in New York, each entitled to one half vote. Under the delegate apportionment to states by the national committee Ohio is entitled to only four delegates at large with full voting powers.

The action of the committee in doubling the number of delegates at large and thereby giving each only one half vote was for the purpose of giving women a larger representation on the delegation. While no endorsement for delegate at large was made by the committee, it was the consensus of opinion among committee members that there should be at least two women delegates

## An Amazing Fact

To many people it may seem incredible that a habit so common as coffee-drinking can be harmful. Yet if your doctor were to enumerate the common causes of indigestion, headache, and run-down condition, he would be likely to mention coffee.

If you are troubled with insomnia, nervousness, or are inclined to be high-strung, try Postum in place of coffee for thirty days, and note the difference in the way you feel, and how much better you sleep.

Postum is a pure cereal beverage, absolutely free from caffeine, or any harmful drug.

## Postum for Health

"There's a Reason"

Your grocer sells Postum in two forms: Instant Postum (in box) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

## COUGHING, WEAK AND THIN AFTER FLU

Regained flesh and strength quickly, and tells how.

"I nearly died from 'flu' last October, and it left me with a terrible cough. The doctor gave me one bottle of medicine after another, but it did me no good. Went to Charlotte, N. C., and took treatment of a specialist without any permanent benefit.

"I saw Milk's Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress my cough is gone and I have gained back my strength and flesh."—Emma Wilson, Box 50, Belmont, N. C.

Don't trifle with a weak-run-down condition. It leaves you open to serious diseases. Get your strength back. Milk's Emulsion costs nothing to try.

Milk's Emulsion restores healthy, natural bowel action; it is a truly corrective medicine, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food, and thus build flesh and strength. Milk's Emulsion is strongly recommended to those whose sickness has weakened it; it is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

## PRIEST FACES MURDER CHARGE FOLLOWING SLAYING OF WOMAN

PITTSBURGH, PA., Feb. 14.—(By the A. P.)—Miss Anna McDonough, 45, was shot and killed yesterday in the study of the parish house of St. Francis Xavier Roman Catholic church, where she was employed as housekeeper. The Rev. John J. Grady, pastor of the church, was arrested and is being held on a murder charge. He admitted the shooting, according to the police, but claimed it was accidental. Miss Mary McDonough, sister of the dead woman, and Robert Shields, janitor, both living at the parish house, were being held as material witnesses.

Under questioning by police the Rev. Father Grady is said to have stated that he found the pistol while cleaning a drawer of a desk in his study. While fingering it, the priest said, the pistol was discharged, according to the police, and that when he turned about in his chair he saw Miss McDonough stagger out of the doorway of the study into the hall. She died a few minutes later. A bullet pierced her shoulder and police claim her dress was burned by powder marks.

**McAdoo Managers Issue Call For Conference**

CHICAGO, Feb. 14.—(By the A. P.)—A national conference of McAdoo supporters, representatives of labor, farmers, and other liberals, to consider the availability of the former secretary of the treasury as a candidate for the Democratic presidential nomination was called last night to meet in Chicago, February 18.

The means you propose for ascertaining whether the present partisan attacks upon you have in any degree lessened the demand for your candidacy is the surest method that can be devised," former Judge David Land Rockwell, national director of the McAdoo campaign, said in a letter to the candidate acknowledging the latter's suggestion that such a conference be called.

"This is the most direct, direct and courageous step ever taken by any presidential candidate," the letter said.

Others involved in the McAdoo campaign, invitations will be extended to "representative progressives outside the Democratic party and spokesmen for labor and the farmers."

Mr. McAdoo requested the conference "to consider and determine whether or not the fact that an honorable professional service rendered by me to a client, but having no relation whatever to the oil leases now under investigation by the senate committee, is prejudicial to my leadership in the cause of progressive Democracy."

Hundreds of supporters in all sections of the country, have wired national headquarters here of their intention to attend.

**GERMANY NEEDS GOLD CURRENCY**

BERLIN, Feb. 14.—(By the A. P.)—Expert committee No. 1, headed by Brigadier General Charles G. Dawes, left here for Paris today after having devoted two weeks of exhaustive study to the German budgetary and currency problems. The members of the committee were almost a unit in expressing satisfaction over the progress of their researches.

"Our report will reflect a business man's analysis of a business proposition," an expert stated informally, "and there is no reason why it should not be broadcast as soon as we have definitely completed it."

The essential thing missing in the present German situation is a gold currency," one of the experts observed, "and until this is established and functioning, there can be no talk of budgetary, equilibrium, or other economic normalcy."

**Auto Tags in Ohio Pass Million Mark**

COLUMBUS, O., Feb. 14.—(By the A. P.)—Ohio passed the one million mark in the number of automobile license tags made for a single year today when tag number 1,000,000 was turned out at Ohio penitentiary. **HUGHES OPPOSES JAP EXCLUSION CLAUSE IN IMMIGRATION BILL**

WASHINGTON, Feb. 14.—(By the A. P.)—Proposals of the Johnson immigration bill which "single out Japanese immigrants for exclusion," are "inconsistent" with the treaty of 1911, and should be eliminated, Secretary of State Hughes informed Chairman Johnson of the house immigration committee in a letter made public today at the state department.

"I believe such legislative action would largely undo the work of the Washington conference on limitations of armament, which so greatly improved our relations with Japan," Mr. Hughes warned Representative Johnson.

Proposed Substitute  
As a substitute for the exclusion proposals the secretary suggested that Japan be placed on the same quota basis as other nations and that the immigrant certificate plan now in the bill to provide for selection abroad be made applicable to Japanese nationals. Active co-operation of the Japanese government in carrying out this plan and also in preventing surreptitious entry of Japanese to be expected, Mr. Hughes continued, adding:

"It is believed that such an arrangement involving a double control over the Japanese quota of less than 250 a year under the per cent quota based on the 1890 census, as proposed in the bill, would accomplish a much more effective regulation of unassimilable and undesirable classes of Japanese immigrants than it would be practicable for us, with our long land frontier line on both north and south, to accomplish by attempting to establish a general bar against Japanese subjects to the loss of co-operation with the Japanese government."

Commenting on Mr. Hughes' letter, which he will lay before his committee tomorrow, Chairman Johnson predicted it would not change the committee's view that the exclusion provision should remain in the bill. He pointed out that fourteen of the seventeen members of the committee had approved the provision, adding that his own stand in favor of the provision had not been changed.

## Can You Answer This Question About Yourself?

Why is it you feel fine at times and at other times you wake up dull and tired, and taste in your mouth, tongue coated and offensive breath? Why do you suffer from such symptoms as a stuffy, wintry cold, gas on a sour stomach, heart palpitation, constipation, sick headache and a run-down, tired out and upset condition?

It is because your liver, the body's filter has become sluggish and clogged. It cannot purify your blood, aid digestion or supply the secretions Nature uses to keep your bowels moving regularly. And you cannot feel your best again until you get your liver properly cleaned and toned.

TRY THIS TONIGHT! Just a spoonful of Dr. Thacker's Liver & Blood Syrup after the next few meals. It is so pleasant to take and you will be completely satisfied; otherwise druggists are authorized to refund the small cost. All we ask is that you tell others what it was that made such a big difference in the way you eat, sleep, look and feel. We want your family and friends to use it because of what it actually does for you. Dr. Thacker's is sold and recommended by Flood & Blake and the Service Drug Company in Portsmouth and by leading druggists in every city and town—Advertisement.

**"BIG DOINGS"**  
If you want a few chuckles, turn back 44 years in the newspaper files and read what the people of 1880 were most interested in.  
In March of that year, we find: "Dennis Kearney, the sand-lot agitator of San Francisco, is sentenced to six months' imprisonment and to pay a fine of \$1000 for disturbing the peace and using language tending to incite riots." Times haven't changed much. "Agitators" are nothing new. Every generation that ever lived has had its agitators, preventers of stagnation.  
Nor has human nature changed. Now and in recent years Americans have been sending relief funds to starving Germans, Russians and others. In yellowed newspaper files we read of Americans responding nobly with money and food for Ireland's poor, suffering from famine, in 1880.  
In 1880 the Khedive of Egypt shipped a huge obelisk (like a tall stone monument) to New York, a gift. The obelisk set the whole country talking. For Egypt was as mysterious and fascinating then as it is now when American and British scientific grave-robbars are prowling in the tomb of old King Tut.  
A national election in 1880, with the usual conventions of Republicans and Democrats. The campaign was very hot, the voting close. People took politics more seriously in those days, marching in long processions with red-fire torches.  
The matter of a third term for presidents still excites the nation periodically. We find Republicans holding an Anti-Third Term convention at St. Louis in 1880 to head off the renomination of General Grant, who'd already served two terms.  
Prohibition is a big issue in 1924. It was an issue though of less importance in 1880, when the prohibitionists held a political convention in Cleveland and nominated Neal Dow of Maine as their presidential candidate.  
American bicyclists held their first national meet in 1880, at Newport, R. I., 160 racing riders participating.  
Any of these events of 1880, barring the bicyclists, might just as well happen in 1924. Actors, scenery, costumers and "stage drops" change, but the plot of life is about the same in one generation as in others.  
Wire says the British Labor premier hasn't done manual labor since he was 20, showing a remarkable intelligence at an early age.  
Chicago teamsters are striking. When teamsters fall out chauffeurs get more than their due.  
These days a moth keeps one eye on the calendar and the other on your winter clothes.  
The world would be much better if you could whistle with a pipe in your mouth.

**STANDARDIZED CREDIT SERVICE IS BEING WORKED OUT BY MERCHANTS**

A standardized credit service is being worked out by members of the Retail Merchants' Association under direction of George W. Woodward, secretary and manager of their credit bureau.  
Under the plan, all members of the bureau which offer credit will require similar safeguards, as a result of which establishment of one account will give a customer a definite rating with all other members of the Association.  
New arrivals in Portsmouth are asked to register with the Association at their office, First National Bank building, in order that references to past accounts may be verified in time to prevent delay when the arrival wishes to open accounts among members here. Banking references and a statement regarding previous occupation should be given, Mr. Woodward states.

**NEW YORK DAY-BY-DAY**  
BY O. G. McINTYRE

NEW YORK, Feb. 14.—Someone has called the Park Row newspaper copy desk a "nest for cynics." The half circle of copy editors and headline writers are the closest to the heart-beat of the metropolis of all. It is their job to salvage from the turbulent news currents that which is important and appealing.  
They are in almost instantaneous touch with the world, as well as every part of New York. They work in shirt sleeves and wear green eye shades. Their life is pitched amid clicking telegraph instruments, jangling bells and a furious roar of confusion.  
They see the city's stripped raw—its lusts, its triumphs, its greed and generosity. They know things the reader never knows. And they're living life with a knowing wink. I have sat among them and been one of them for many years and whatever knowledge I have of the world was gained largely at this haphazard seat of learning.  
But the copy desk is not cynical. It merely believes most things are doubtful. It knows that many persons who are seeking the spotlight and posing as brilliant have the mental effluence of the half wit hired man.  
It knows of bleached skeletons in many closets of the great. There is no appearance of a really wise and knowing air about them. Yet they know that there is much that is thin and cheap in what comes to them as grandiose. They may not be Olympian gods on Parthenos, but they sit in the watch tower of the world.  
The copy reader is not always burdened with grief, but his daily life is a succession of trials. As a rule he is perpetually disliked by the reporter for his blue pencil ravages the reporter's handiwork. He weeds out superfluous verbiage.  
Any number of men have graduated from the copy desk to important executive jobs. Their judgment is by training usually quick and keen.  
Next to the copy reader the most exciting life in Manhattan it seems to me is that of the pedestrian who tries to cross Fifth Avenue at 42nd street. Each second may be his last. He may face instant death, permanent invalidism or reach the other side in safety. Whatever his fate it is a great adventure with almost every hand against him.

Some say the most prosaic life is that of the light-house keeper. There is a job in the center of New York that beats all others for genuine drama. There is a young man in a dressmaking establishment where everything is done by hand and it is his task to thread needles for the ladies.  
A sure fire laugh for vaudeville comes is to poke fun at Brooklyn. And stranger still is the fact that the Brooklynites will laugh the loudest. So far as I can see there is

nothing comic about Brooklyn except the lack of civic pride. I rather admire the spunk of a commuter from Weehawken. His town was being given a gentle jostling (a vaudeville skill). The Jersey man stood up in his seat and delivered a bitter tirade until a couple of ushers came and led him away.  
New York calls any visitor from the hinterland "a visiting fireman." And calls any foreigner with a thick on his chin, a high hat and an empty pocketbook a Duke. During the past six weeks six spurious noblemen have been unmasked. Two of them were French cooks and another was a cab driver in Vienna. Copyrighted, 1924, by the McNaught Syndicate, Inc.

**FEBRUARY**  
This cold little month with its twen-ty-nine days.  
Is the season of snow with its fast-fleeting sleighs.  
And dear little Cupid stops on his way  
With missives of love on Saint Valentine's day.  
—Clifford Howard  
The birds are flying east and west  
Each singing on a joyful quest,  
And every little feathered breast  
Is filled with happy care;  
The time has come to build a nest,  
For spring is in the air.  
—Anns M. Pratt  
February—hush, the violets,  
Stirring in their dreams!  
And a something like to heart-beats  
In the death-white streams.  
—E. C. Tompkins  
Pale is the February sky,  
And brief the mid-day sunny hours;  
The wind-swept forest seems to sigh  
For the sweet time of leaves and flowers.  
—William Cullen Bryant

The great Capablanca was visiting the illustrious Paderewski. They strolled into the music room and the magnificent Pole waved in the direction of the grand piano.

The other nodded affirmatively. "Chess," he replied.—Goblin.
